Just give me one reason, now that everyone is dancing,
Now that everyone's laughing at me
You asked me too many questions, well I have given
you the answers,
All that you want to hear... so

How's your brother in melbourne? is he still the one that
listens to
Whatever you tell him
Better burn than just fade here, better poke you in the
eye,
And make you cry for a while... so

So long, you're so strong
And baby, I was wrong

You can always sing to me your sad lullaby
You can always sing to me and I wont ask why
You can always trick me again with your little lie
You can always sing to me your sad lullaby... sad
lullaby

You think that you are so different, you put sugar in the
Salt just to make you so special
You sold your finest collection
One was standing right beside you, one was beautiful
and so true

Maybe, I was too
But I stood next to you

You sold your finest collection
One was standing right beside you, one was beautiful
and so true
Believe me, I tried to follow, but you wanted me behind
you
Thought that I was your looser... and maybe, I was too
Cause I stood next to you
