Don't know whats wrong with me  
I feel like I can't breathe  
I'm surprised to see you here  
I wish that I could disappear

I thought that I was fine  
I thought this heart of mine  
Had locked you out and lost the key  
But now it's coming back to me

I was wondering what you've been doing all this time  
Though I've got nothing to prove  
I'm gonna speak my mind

[Chorus]  
I wanna see you cry  
I wanna know that I was more than just an accident  
I wanna know just what I meant to you  
I wanna make you high  
Cause there is nothing worse  
Than fallin into love all by yourself  
I wanna see you cry

I used to blame myself  
Wished I was someone else  
The kind of girl that wanted love  
Cause I could never be enough

But you let no one in  
And that is such a sin  
To throw away a chance like this  
Cause you're too afraid to take a risk

I should be running like hell from you now  
So, why am I still here?  
I gotta try to turn this around  
I wanna see some tears

[Chorus]

Maybe I'm a fool for tryin'  
I don't see the point in lyin'

It's just that I'm still not over you  
So why do I think you might come through?

Tell me I'm crazy, baby!

[Chorus]

I wanna see you cry
