Have you seen my soul today
It got lost somewhere along the way
Iâ€™ve been running for a long time
Searching for the sanity that I never found
Iâ€™m holding on tight tonight
Waiting to see what tomorrow brings
Why do I have to live in fear
When is heaven gonna exist hear
Cause Iâ€™ve been lost so long
That now itâ€™s all I know how to be
Iâ€™m trapped inside myself
And now I just want to be released
Iâ€™m so tired of being told what to do
All my decisions made for me by you
Iâ€™ve been searching for a new face
No longer visible in this place
Cause Iâ€™ve been lost so long
That now itâ€™s all I know how to be
Iâ€™m trapped inside myself
And now I just want to be released
I canâ€™t remember I time when I wasnâ€™t scared
How did I let this get so far
Its crazy to think, Iâ€™ve been here before
Not knowing paths behind each door
I think now I can see a light
To finally put an end to my fight
Cause Iâ€™ve been lost so long
That now itâ€™s all I know how to be
Iâ€™m trapped inside myself
And now I just want to be released
