Ba bada ba-bada
Ba bada ba-bada
Ba bada ba-bada
Ba bada ba-bada

Everybody's searching for a special love
Someone to hold you tight
Someone to be your shining light
Everybody's looking for that 'ternal one
Who makes it all O.K.
Thinks about you everyday
Just don't wanna be here without a love
Walking home alone
Staring at the stars above

Everybody somebody somewhere is already out there
Standing in the crowd
Waiting for a life to share

I'm in love with the boy on the dancefloor
He just don't know
(Ba bada ba-bada)
I'm in love with the boy on the dancefloor
He just don't know

He's gotta be the one I'm looking for
The only boy for me
He could be my destiny
I wanna be the girl to let him know
He looks so good tonight
Are you gonna be my Mr. Right?
I gotta get that boy to notice me
To be my only love
That's the way it's meant to be

Everybody somebody somewhere is already out there
Standing in the crowd
Waiting for a life to share

I'm in love with the boy on the dancefloor
He just don't know

(Ba bada ba-bada)
I'm in love with the boy on the dancefloor
He just don't know
(No, no)

Now it could be that his love would set me free
And break these chains around my heart
If he gave me a chance so I could let him know
That I would never let him go

Everybody's searching for a special love
Someone to hold you tight
Someone to be your shining light
Everybody's looking for that 'ternal one
Who makes it all O.K.
Thinks about you everyday

I'm in love with the boy on the dancefloor
He just don't know
(Ba bada ba-bada)
I'm in love with the boy on the dancefloor
He just don't know
(Ba bada ba-bada)

I'm in love with the boy on the dancefloor
(I'm in love, I'm in love, yeah)
I'm in love with the boy on the dancefloor
I'm in love with the boy on the dancefloor
(I'm in love with the boy, oooh yeah)
He just don't know
I'm in love with the boy on the dancefloor
I'm in love with the boy on the dancefloor
He just don't know
