Don't know your name
But you're coming over
Tell me what's your game
Don't you want my number?
You have no shame
But I kinda like it
So don't pass it by

Do you even know
What you're looking for
What will unfold
Open up your door
Pick up the phone
Give me a call
Wanna hear your voice on the line

Take my number (x6)

I'm with you
Don't you want my number
Don't you want my number (x4)

You can miss out on this
What do you wanna tell me
I'll get no rest
Till you get to know me
We'd have the best
And I know you'd like it
So don't act so shy

Baby make my day
I'd make your move
You've come my way
So you can't lose
The time is now
So let's just do it
Wanna hear your voice on the line

Take my number (x6)

I'm with you

Don't you want my number
Don't you want my number (x4)

If you call on me
You might get your way
If you call on me
You might get to stay this time

Call on me
You might get your way
Just call, just call, just call, just call

I'm with you
Don't you want my number
Don't you want my number (x4)

When I look into your eyes I get (x4)
