Chip Tha Ripper Ft. Wale - 25 Wives

(Verse 2)

Wale:

Got women in every city. Winning in every city  
Her body's been paranormal since buying that pair of  
titties, look  
Silicone bitches got the confidence  
But natural bitches get all my compliments  
I ain't trying to conflict: Nickels to dimes and shit  
Make something out of nothing. Nigga, I MacGyver that  
bitch  
Niggas wild as shit. No rubber, just climb in that bitch  
Take your hat off and get to cuttin: Kung Lao with that  
bitch  
Mortal Kombat, my shit is beyond rap  
I keep it 100 nigga: Warren Moon, Warren Sapp  
Hit, I never call her back. Bet she keep on coming back  
You keeping her dry, shit, I named that bitch "Tsunami  
Cat"  
I'm too polished, I ain't looking for acknowledgement  
Put my squad on my back like I'm wearing me a starter  
jacket  
Yall lame niggas. No bitches when yall out  
I get that Ivy League brain, catch me with a dart mouth.
