He's warmer than the radiator
Sweeter than caramel
The way he weaves his madness
And it puts me in a spell

He twists me round his finger
And I enjoy it so
Hold me in his tender arms
And never let me go

He'll never let me go
Never let me go
Never let me go

Do, down, lay me down
Do, down, lay me down
Do, down, lay me down
Do, down, lay me down

There's never complication
He'll never compromise
His kisses never ending
And they send me to the sky

He's understanding
And he'll never let me down
He fills me up with passion
And he'll always be around

He'll always be around
He'll always be around
Always be, he will always be around

Do, down, lay me down
Do, down, lay me down
You hear what I say

Do, down, lay me down
Do, down, lay me down
Do, down, lay me down

He'll never let me down

Do, down, lay me down
Do you know what it means to me?
Do, down, lay me down
And he's everything, oh baby

He'll always be around
He'll always be around
He'll always be around
He'll always be, he'll always be around
