Mighty love, mighty love
It's once in a lifetime, and this time, it's mine

Never ever, ever gonna let you go
'Cause I'm always gonna love you
There's so much you haven't seen that I can show you
But I never wanna shove you
Maybe ladies come and maybe ladies go
But I'll tell you
This lady's stayin'
And if you don't want to rush it we can take it slow

Baby it's a special thing
And there's no reason to explain
This is what so many of us long for

This is a mighty love, a mighty love
No push or shove, we're all dreamin' of
A mighty love, a mighty love
It's what we want, and there can never be no other love
Love love

I swear, I'll never have you ride in back in tow
I'll never hurt you
Darlin' I could never be with anyone else
'Cause you're all I need to know
And I won't ever let you go
Yeah

Baby it's a special thing
And there's no reason to explain
This is what so many long for,

This is a mighty love, a mighty love
No push or shove, we're all dreamin' of
A mighty love, a mighty love
It's what we want, and there can never be no other love
Love love love
Whao whao love
Baby

No one will ever know

Maybe ladies come and maybe ladies go
But this lady's stayin'
If you don't want to rush it we can take it slow

Baby it's a special thing
And there's no reason to explain
This is what so many others long for

It's a mighty love, a mighty love
No push or shove, we're all dreamin' of
Oh mighty love, oh mighty love
It's what we want, and there can never be no other love
No other love
A mighty, it's so freak
You can see, yeah yeah
