Trust me when I say
I've been waiting for this day
Just look me in the eye and know that I want it this way
Got a feeling of anticipation burning inside of me
And I never felt so alive
I'm shaking inside
And it makes me wanna, makes me wanna

Fall down on my knees and say
Let it always be this way
Got a feeling taking over me
Gotta shout out, let go, right now, God knows
I'm ready, yes I'm ready to lay it on the line

So take my heart
Take my breath away
Hold me tight
Like we only have today
Suddenly awake
It's almost like I could be naked in front of you
Drowning in emotion
Every second every moment with you

I can only try
To tell it like it is
And if I said it twice
It's cos I can't deny that I'm
Overcome by my passion I feel my blood racing inside
of me
My heart beats so fast I could fly, I'm aching inside
You make me wanna, make me wanna

Fall down on my knees and say

Let it always be this way
Got a feeling taking over me
Gotta shout out, let go, right now, God knows
I'm ready, yes I'm ready to lay it on the line

So take my heart
Take my breath away
Hold me tight

Like we only have today
Suddenly awake
It's almost like I could be naked in front of you
Drowning in emotion
Every second every moment with you

Go on, go on take it, baby
Go on, take it, baby
Go on, take, take it, take, take

So take my heart
Take my breath away
Hold me tight
Like we only have today
Suddenly awake
It's almost like I could be naked in front of you
Drowning in emotion
Every second every moment with you
