The very thought of you
The very mention of your name, babe
Babe I'm caught on you
I just wish you felt the same
'Cos baby I hope and I pray you'll beg me to stay
tonight
'Cos the very thought of you is keepin' me alive

The very thought of you it sees me through it keeps me
goin'
Babe I'm caught on you you're all I see and all I know
Can't you see just what you're doing to me baby
The very thought of you's enough to drive me crazy
The very thought of you is keepin' me alive

Every Monday I see you
Can't wait for you walkin' by
I'm obsessed and I need you
I'm goin' out of my mind

I can't rest till you're near me
No I can't wait till I see that smile
I'm in a mess and I mean it
I'm goin' out of my mind

And babe I hope and I pray you'll beg me to stay
tonight
I won't give up the fight 'cos I need your loving

The very thought of you, it sees me through it keeps
me going
Babe I'm caught on you, you're all I see and all I know
Can't you see just what you're doing to me baby
The very thought of you's enough to drive me crazy
The very thought of you is keepin' me alive

We used to be lovers
Now all we are is the best of friends
It's not enough just to talk to you
I wanna hold you again

And baby I hope and I pray you'll beg me to stay tonight

Oh thats right
I won't give up the fight 'cos I need your loving

The very thought of you, it sees me through it keeps
me going
Babe I'm caught on you, you're all I see and all I know
Can't you see just what you're doing to me baby
The very thought of you's enough to drive me crazy
The very thought of you is keepin' me alive

Its keeping me alive
Oh so alive
Oh what you do to me
Oh what you do

Oh
Can't you see just what you're doing to me baby
The very thought of you's enough to drive me crazy
The very thought of you is keepin' me alive

The very thought of you it sees me through it keeps me
going
Babe I'm caught on you you're all I see and all I know
Can't you see just what you're doing to me baby
The very thought of you's enough to drive me crazy

Baby, baby the very thought of you it sees me through
It keeps me going
Babe I'm caught on you you're all I see and all I know
The very touch of you, the very feel of you
Oh babe you are drivin' me insane

You're keepin' me goin'
Keepin' me goin' away
Keepin' me goin' away
Keepin' me goin' away

Keepin' me goin' away
Keepin' me goin' away
Keepin' me goin' away

Its you, its you
Keepin' me alive
