Verse 1:

You're walking on thin ice
You'll have to pay the price
You just don't listen
You never take advice
But I've got to warn you
You'd better heed my mind
While you walk on thin ice
I'm right behind
You're treading a tight-rope
You know you're going to fall
You just don't listen
Think you can have it all
But I've got to tell you
You'd better heed my mind
While you walk that tight-rope
I'm right behind

You're walking on thin ice
You'll have to pay the price
You're treading a tight-rope

You know you're going to fall
You're running a fine line
You've never got the time
You're walking on thin ice (x3)
You're running a fine line
You're never got the time
To find out what you're missing
I tell you it's a crime
So I've got to warn you
You'd better heed my mind
While you run the fine line
I'm right behind

Verse 1

You're walking on thin ice (x4)
Walking on, you're walking on thin ice
Thin ice, you're walking on it

Thin ice.
