Now it's time to say goodbye  
But I'll always be there in your mind  
We've had our time, so let's not cry  
Wherever you wonder, never wonder why  
And I hope that sometimes you'll look back and smile

Wish on me  
And I will be the best that I can be  
And I'll wish on you  
And all the very best that you can do

If they never come  
If they never come  
If they never come  
If they never come  
Wish on me

Let me look at your face, so I can remember its grace  
Hold me close, hold me tight  
Never forget all the love we made  
And no matter how far, you're here in my heart

So wish on me  
And I will be the best that I can be  
And I'll wish on you  
And all the very best that you can do

If they never come  
If they never come  
If they never come  
If they never come

Never give up on the thought of me  
Never let go of your hopes and dreams  
I'm with you every step you take  
So hold on for God's sake

Remember me when all your hope is gone  
I'll give you reason to carry on  
Maybe my hand won't be there to hold  
But you'll never feel the cold  
If you wish on me

If they never come  
If they never come  
If they never come  
If they never come  
Wish on me

And I will be the best that I can be  
And I'll wish on you  
And all the very best that you can do

If they never come  
If they never come  
Wish on me
