You get me, you get me You get me right there baby now

Some sensation Making love when saying your name out loud And conversation There's no need for it when you're around

'Cause talking 'bout your love and where you use it Baby pick me up and never put me down Talking 'bout your love and never will I abuse it, no 'Cause oh, we're, baby, going round and round, and round

You get me, you get me You get me right there baby now You get me, you get me You get me right there baby now

A few attraction Just touching your body when you hold me in your arms Pure satisfaction When we getting it on it's because you're the only one

Talking 'bout your love and where you use it Baby pick me up and never let me down Talking 'bout your love and never will I abuse it, no 'Cause oh, we're, baby, going round and round, and round

You get me, you get me You get me right there baby now You get me, you get me You get me right there baby now

Baby, when I feel your touch I can never get too much Boy, you gave me just enough More than passion, more than love The kind of love that I can trust Baby, there's no stopping us

Talking 'bout your love and where you use it Baby pick me up and never let me down Talking 'bout your love and never will I abuse it, no 'Cause oh, we're, baby, going round and round, and round

You get me, you get me You get me right there baby now You get me, you get me You get me right there baby now

You get me, you get me You get me right there baby now You get me, you get me You get me right there baby now

You get me, you get me You get me right there baby now

Baby, when I feel your touch I can never get too much Boy, you gave me just enough More than passion, more than love The kind of love that I can trust Baby, there's no stopping us

You get me, you get me You get me right there baby now You get me, you get me You get me right there baby now

You get me, you get me You get me right there baby now You get me, you get me You get me right there baby now
