It's been so long since  
We've been friends in need  
And how the love we share in our hearts  
To try to keep us apart  
It took sometime to build this trust in me  
But now you're all I have too (inside)  
You want the best of my love  
To keep away from the  
Thoughts that we share  
Is to feel the pain that I feel  
When you are not there  
See what you want to see  
But please have (some) faith in me

[CHORUS]

Together forever yours  
Together forever mine  
Facing what we feel inside  
Ready to stand the test of time

I've seen us come together in my dreams  
And felt the kiss that makes me love you  
Enough to see us through  
It took sometime to feel the way I feel  
That's why I know I'm here forever  
And you will always be there  
To keep away from the thoughts  
That we share  
Is to feel the pain that I feel  
When you are not there  
See what you want to see  
But please have (some) faith in me

[Repeat CHORUS x 2]

Together forever yours  
Together forever mine  
Facing what we feel inside  
Ready to stand the test of time

(Come on) Together  
(I can't wait) Forever

(Come on) Together  
(Yeah yeah) Forever  
(Come on) Together  
(I can't wait) Forever  
(Come on) Together  
(Yeah yeah) Forever  
(Come on) Together  
(I can't wait) Forever  
(Come on) Together  
(Yeah yeah) Forever  
(Come on) Together  
(I can't wait for love...)

Together forever yours  
Together forever mine  
Facing what we feel inside  
Ready to stand the test of time  
Together forever yours  
Together forever mine  
Facing what we feel inside  
Ready to stand the test of time  
Together forever yours  
Together forever mine  
Facing what we feel inside  
Ready to stand the test of time  
Together forever yours  
Together forever mine  
Facing what we feel inside  
Ready to stand the test of time
