I'm gonna break down the wall  
Keep us from getting along  
I'm gonna figure out what I need  
I'm gonna figure it out together, cause we're a team

And what do you mean when you say  
It'll all be okay  
What do you mean when you say  
All be okay  
I'm working it out

I'm gonna take myself out of everything  
'Cause even the best of them are thieves  
I'm gonna figure out what I need  
Walk alone out into the street  
'Cause no one ever understands  
Nothing never goes to

What do you mean when you say  
It'll all be okay  
What do you mean when you say  
All be okay  
I'm working it out

There is time to be sure, that I am part of something  
more  
Yeah, there is time to be sure, that I am part of  
something more

'Cause no one ever understands  
And nothing never goes to... ?...

What do you mean when you say  
It'll all be okay  
What do you mean when you say  
It'll all be okay  
What do you mean when you say it'll all be okay  
What do you mean, when you say it'll all be okay  
Hey hey  
I'm working it out
