verse 1:

run ragged and wrecked
catchin' a tiger
baitin' a bully
was this my idea
is it a mistake
why did you take me here

am i too far from home
am i really all alone

walk child don't run
go off and have fun
we'll be waiting
just look before you cross
take love with the loss
i know it's frustrating

chorus:

mama's here and your papa, too
and we are so darn proud of you x2

reach but don't push it away
say nice words and play
with intention
practice restraint
find out what matters
i know your heart's been broken
but martyrs never open doors
the world is yours
carry this torch
and use your voice

verse 1

chorus x2

all of us who turned into you
we're sure hoping that you pull on through
all of us who turned into you
yeah we hope, ya pull on through
