"In Sleep"

I lay awake at night and pray
Not to see the light of day
I wonder how to behave right
He has left me such a mess
Counting to protest
My mind can't get no rest

Fast asleep where I keep my memories
Calling me out in dreams
He visits me
What will be
Will I see him again soon?
Oh oh oh oh

Why am I so terrified of waking?
He's gone and I feel I've been forsaken
In sleep is the only place I get to see him, get to love
him

The scene, a city after dawn
Becomes a field of corn
And I've had this one before

Fast asleep where I keep my memories

Calling me out in dreams
He visits me
What will be
Will I see him again soon?
Oh oh oh oh

Why am I so terrified of waking?
He's gone and I feel I've been forsaken
In sleep is the only place I get to see him, get to love
him

I know that when the story ends
The one that's in my head
Well, I'll be alone again

Why am I so terrified of waking?
He's gone and I feel I've been forsaken

In sleep is the only place I get to see him, get to love
him
Be with him
I love him, I love him, I love him
