Start out easy, take it slow  
Once you get started  
You don't know where love will go  
But you think you're ready for another time around  
It's nothing you can't handle  
And you think you've got it down.  
Chorus:  
(So/Cause) you fall in love and it picks you up  
And it takes your heart for a ride  
After too many bad roads this heartbroken fool knows  
That love can stop on a dime.  
Next thing you know, you've gone too fast  
And you'd do anything just to try to make it last  
But you keep on going even though you see the signs  
Still believing that it won't go wrong this time  
Chorus  
Now it's over, said and done  
Just another love you thought would be the one  
You don't know where you're going  
But you don't like where you've been  
You try to tell yourself you won't go back again  
Chorus  
Love can stop .. On a Dime
