It's behind you and it's in your face

Close your eyes

Selling years of their smoke and mirrors and

Open minds

And they try to find a way to make me something that
I'm not

(CHORUS)

I touched the world I felt the sun

I know the best is yet to come undone

I looked around at everyone

I know the best is yet to come undone

The best is yet to come undone

It's so obvious that the promise

Keeps me here

Painting pictures where all the colors

Disappear

And they try to find a way to make me something that
I'm not

(CHORUS)

The best is yet to come un

And I find my way out (x2)

It's so obvious that the promise

Keeps me here

Painting pictures where all the colors

Disappear

And they try to find a way to make me something that
I'm not

(CHORUS) (x2)

The best is yet to come undone
