It's behind you and  
It's in your face  
Close your eyes  
Sellin' years of their  
Smokin' mirrors and  
Open minds  
And they try to find a way  
To make me somethin' that I'm not

I touched the world  
Felt the sun  
I know  
The best is yet to come undone  
I looked around  
At everyone  
I know  
The best is yet to come undone  
The best is yet to come undone

It's so obvious  
That the promise  
Keeps me here  
Paintin' pictures where  
All the colors disappear  
And they try to find a way  
To make me somethin' that I'm not

I touched the world  
Felt the sun  
I know  
The best is yet to come undone  
I looked around  
At everyone  
I know  
The best is yet to come undone  
The best is yet to come undone  
The best is yet to come un

And I find my way out  
And I find my way out

It's so obvious

That the promise  
Keeps me here  
Paintin' pictures where  
All the colors disappear  
And they try to find a way  
To make me somethin' that I'm not

I touched the world  
Felt the sun  
I know  
The best is yet to come undone  
I looked around  
At everyone  
I know  
The best is yet to come undone

Touched the world  
Felt the sun  
I know  
The best is yet to come undone  
I look around  
At everyone  
I know  
The best is yet to come undone  
The best is yet to come undone  
The best is yet to come undone
