You're dressed to kill

Come a little closer, so I can look you in your eyes
So I can see what I been missing, so I can see through
the disguise

You're dressed to kill

You got me in the sight of your gun, you're dressed to
kill

Sell your soul to rock and roll
The only thing that thrills you
Evil grins as night begins
Gonna rock until it kills you
Learn to live fast
Learn to die young
Life's one big chase
You're caught in the race
You're never gonna slow down

You're dressed to kill
Kill me baby
You're never gonna let go
You're dressed to kill
You kill me baby
You're dressed to kill

Wake the dead with loud guitars
Screamin' in your head
An angel sings, fulfills the dreams

That are dancin' in your bed
Live for the danger
Die for the fun
Life's one big chase
You're caught in the race
You're never gonna slow down

You're dressed to kill
Kill me baby
You're never gonna let go
You're dressed to kill

You kill me baby
You're dressed to kill

You're dressed to kill

You're dressed to kill

Ahhhh, yeah
Kill me baby
You're dressed to kill
You kill me baby
You're dressed to kill
You're dressed to kill... etc.
