I don't have a death wish, you have to remorse  
You have no reflection  
Dragging me off course.  
You've drained me of my life  
Drinkin' all my blood  
Who are you, what do you want.  
Am I your desire? Higher.  
Take off your mask, and let me see what's underneath  
Something from the past, it's been ... waiting me  
I got to see what's really inside  
I will never know (never know)  
His one big surprise you shackled and hide.  
Under your mask  
You think you got everyone fooled  
They think you got class, all you do is  
Ridicule  
I will never know what's buried inside  
You wont let it show  
It's one big disguise you shackled and hide

Shackled and hide.  
I wont the silver crown  
It burns a whole right through my heart  
His words...  
Hey, til death do us apart.  
Ye-yeah!

I don't have a death wish, you have to remorse  
You have no reflection  
Dragging me off course.  
You've drained me of my life  
Drinkin' all my blood  
Who are you, what do you want.  
Am I your desire?

I will never know what's buried inside  
You wont let it show  
It's one big surprise, you shackled and hide  
Shackled and hide.  
I gotta see under the mask.  
Yeah, you schackled and hide.
