[Reff 4x]

-we gonna party all night
Come on and put your hands up in the sky

[Vers 1]

-ey yo can you feel the flow?
Up on the dancefloor, here we go
This shit is hot (hot), yeah you know
So everybody just come on
-I'd liked to buy a drink to the lady next to me
Beucase she's looking so fresh and so clean
Please tell me your name, girl you're so sweet
Like a hot summer babe you bringin' the heat *oh*

[Bridge 2x]

-come on everybody just party now
I'ma sing the song while I'm holdin' it down
Put your hands up and jump to the ceiling
I love this feeling...

[Reff 4x]

[Vers 2]

-ey yo, I'm about to blast this
Everybody raise your glasses and shake ya asses
Cuz I like when these pretty girls
Moving their bodies and working that twerk *eyoo*
-hell yeah, just release yourself
Just do what you feel like don't care about anything
else *ohuu*
Beucase this is the time when we got to have fun
Just go on and shine cuz you are the sun *oh*

[Bridge 2x]

[Reff 4x]

[Vers 3]

-work that work that body girl
Work that work that body boy
Work that work that body girl
Work that work that body boy

-come on everybody put your hands up
Put your hands up, put your hands up
Come on everybody put your hands up
Put your hands up, put your hands up
-just do what you feel like shorty
It's okay to get a bit naughty
Because this is our party
So come on now everybody
-just do what you feel like shorty
It's okay to get a bit naughty
Because this is our party
So come on now everybody
