it's important that i try to learn and flush when i live  
alone i'm always in a rush 2000 flushes yellow isn't  
what i use [\*\*\*] it's yellow in my bowl after six or seven  
times i send it down the line yellow water in my bowl  
never hurt a living soul it's important that i try to learn  
and flush when i live alone i'm always in a rush 2000  
flushes yellow isn't what i use [\*\*\*] it's yellow in my  
bowl after six or seven times i send it down the line  
yellow water in my bowl never hurt a living soul it's  
yellow in my bowl
