Well, every date I've been on, I've been sitting in your
seat

Well, I don't know many people been as good to me as
you

You've been good to me, good to me, rolling in my 323
You've been good to me, good to me, rolling in my 323

It's Friday night and I can't wait
Mom don't care if we get home late

'Cause you've been good to me, good to me, rolling in
my 323
You've been good to me, good to me, rolling in my 323

'Cause you've been good to me, good to me, rolling in
my 323
You've been good to me, good to me, rolling in my 323

Never don't stop big Japanese heart, yeah
If you ever do I can always get parts, yeah

'Cause you've been good to me, good to me, rolling in
my 323
You've been good to me, good to me, rolling in my 323
