talking to my friends at work today, times are getting
them down they asked me for advice, thursday night is
the night i always go out you don't gotta wait for
saturday, the party's going right now you wanna feel
alright thursday night, you wanna go on downtown well
it was thursday (thursday) thursday night well it was
thursday (thursday) thursday night i feel alright,
thursday night, i get down they were only worried
about one thing, they didn't want to get fired those who
know how to rock and roll can make it through a day
tired everybody's happy at work today, a couple look a
bit gone there's a sign you know " run out of rope, tie a
knot and hang on" for thursday (thursday) thursday
night thursday (thursday) thursday night i feel alright,
thursday night, i breakout you got you problems? you
hate life? you wanna feel alright? get your shoes on off
the couch it's thursday night i'm living for thursday
night i'm living for thursday night i'm living for
thursday night i'm living for thursday...
