i get turned on by your nylons in the hamper parents
out of town, i guess they're sleeping in the camper
tonite i bet they're getting sweaty 'cause when i met
you you were a (vision in the paper?) try to be, but
you're not like her at all you're just not like your mom
try to look (like your mom) try to act (like your mom) try
to smell (like your mom) couldn't, girl oh where's your
mom? i had a dream that she flew me to vegas tied me
to the bed and played bridge with her friends and they
were naked the next day she took me out shopping
bought me kids clothes just to dress me up oh god!
she said i was bad boy try to look (like your mom) try to
act (like your mom) try to smell (like your mom)
couldn't, girl oh where's your mom?
