Your touch is tender  
On you I depend  
And if I ever wander  
I'm back to you in the end  
I use you, I abuse you  
Not matter how hard I try  
I can't escaper the simple truth  
'Bout time that I realised

That I need you bad  
You got a hold on me it's true (yeah)  
You got enough down there for two  
All the roads they lead to you

I know I'm foolish to keep you around  
And maybe I'm not tough enough  
When it comes to putting you down  
I thought I could control it  
But it comes as no surprise  
Every time I say I've had my day

I can't say goodbye

That I need you bad  
You got a hold on me it's true (yeah)  
You got enough down there for two  
All the roads they lead to you

I've got your message  
It's deep in my brain  
Bout how you won't be back  
Until I'm hurting with pain

I've tried to stop from falling  
I've used up every track  
Well, if I don't get it right next time  
I might not make it back

That I need you bad  
You got a hold on me it's true (yeah)  
You got enough down there for two

All the roads they lead to you
