She said we were ment to be  
Tied up in security  
So I quizzed her up about that thing  
What she described near blinded me  
'bout a stirrup strap, a master gland,  
Her perfect combination plan,  
She said 'don't be afraid, we got it made,  
Fantasy is where we misbehave'  
Got to keep it moving now  
Get it on some other how  
Don't confuse it,  
Don't confuse it,  
Don't confuse it, don't confuse sex with love.  
There were more than two, six on nine  
One in front, three more behind  
All those eyes, all those thighs  
Plastic dolls and plastic ties  
Up to fun, the lusty ones  
Drown in all that is to come,  
If you got it mind, I got the time  
Leave your superstitions far behind  
Not for one moment am I  
Suggesting everyone try  
But take a look and you'll see  
There's more to your fantasy  
Than meet the eye.  
When the room is hot, the red skin drops  
Put the key into the box  
Be discreet and I'll complete  
Right here 'neath this table top  
If the waiter shows, bite your lip  
And I'll give you the perfect tip  
Don't be afraid, we've got it made,  
Fantasy is where we misbehave now,  
If you got the time, I've got the mind  
I never want to see you stopping anything  
And toeing the line, line!
