He's finally crawling his way back home  
He's finally stopped being a kid Â–  
And he wonders if anyone remembers his name  
Cause it's been such a long time

The city won't miss him  
It's too big to care Â–  
He's left all the laughs and  
The good times he shared  
And it's been such a long time

Down in the halls he's  
Stayed just the shame  
Although he's a King he's  
A pawn in this game

Don't pray for me  
But don't let me go  
I Have lost all my dreams  
And now I am cold to the bone  
Don't pray for me  
I ain't gonna fall  
Tears prove nothing at all  
Nothing so, don't pray for me

His memories are cloudy  
He don't remember all  
Seems like a miracle he  
Managed at all Â–  
And the people they  
Pushed him around  
Cause he looked like nothing at all

He stills remembers  
The blood stained streets  
When as a young kid

He cried in defeat

Don't pray for me  
But don't let me go

I Have lost all my dreams  
And now I am cold to the bone  
Don't pray for me  
I ain't gonna fall  
Tears prove nothing at all  
Nothing so, don't pray for me

He says he's got a lot to be thankful for  
In the end he's a number and nothing more  
Caught in a world always turning the screw  
There's nothing here left for you

He's finally crawling his way back home  
He's finally stopped being a kid  
And he wonders if anyone remembers his name  
Cause it's been such a long time

He stills remembers  
The blood stained streets  
When as a young kid  
He cried in defeat

Don't pray for me  
But don't let me go  
I Have lost all my dreams  
And now I am cold to the bone  
Don't pray for me  
I ain't gonna fall  
Tears prove nothing at all  
Nothing so, don't pray for me
