Two People In the World  
Little Anthony and the Imperials  
Written by Richard Barrett and Ernest Wright, Jr.

This did not make the Pop chart

(There's just two kinds of people in the world)  
(Why can't we fall in love?)  
(Just two kinds of people in the world)  
(They are a boy and girl)

Boy meets girl and love begins  
Oh, what a feeling you get from within  
Oh, I should know for I'm i-in love  
I'm the boy, you're the girl, all the stars up above

(Just two kinds of people in the world)  
(Why can't we fall in love?)  
(Just two kinds of people in the world)

(Just two kinds of people in the world)  
(Why can't we fall in lo-lo-lo-love?)

Lo-ove?
