You better stop
And think what you're sayin'
You better hold on
Make sure you're sold on
Letting me go
(Letting me go)
Make sure you know
You want us to part

You can cause your heart's?
He won't deceive you
He's gonna leave you
Don't be misled
(Don't be misled)
Think with your head
And not with your heart

Better use your head
Just hold on baby
Better turn around?
Better use your head
Before it's too late
And I'm gone

Better use your head
Just tell me
You will never find another love like me
A boy like me
Hey baby, use your head
Believe in me
(Use your head)
And you will see
You?
So use your head

I know I'm not the one who should tell you
You think I'm lyin'
You think I'm tryin'
Hard to hold on
(Hard to hold on)
Putting you on
To fool with your mind

But he's been all over town
Telling people
He's gonna get you
? Let you
Go when it's good
Pity for you when he leaves you behind

Use your head
Turn on baby
Better use your head
Before it's too late and I'm gone

Better use your head to tell me
You will never find another love
Like me, like me

Hey baby
(Use your head)
Believe in me
(Use your head)
And you will see
You know?
(Use your head)

Hey!
(Why don't you just use your head)
Just hold on a minute
Better turn around
Better use your head
Before it's too late
And I'm gone
