There's a cold feelin'
Runnin' up and down my spine
It seems to say "we're just wastin' time"

It's like a bad movie
One I wish I'd never seen
The plot gets old, do you know what I mean?
Don't try to tell me it ain't what it is

[Chorus:]
I'm good
I'm good at seein' the signs
I'm good at readin' between the lines
There's no use in hangin' on
Nooo; You're good to go
Yeah; And baby I'm good as gone

On a lost highway
I don't know how I got where I am
Take the next splitsville exit ramp
It's like a cheap vacation
One we thought we planned very well
Now we've checked out of the lonely love hotel
Don't't try to tell me it ain't what it is.

[Chorus:]
I'm good
I'm good at seein' the signs
I'm good at readin' between the lines
It's no use in hangin' on
Nooo; You're good to go
Yeah; And baby I'm good as gone
