What did I do, tell me what did I say  
That kicked up dirt and brought out this side of you  
baby  
It's one of those moods, yeah it's the one of those days  
What kind of dark snuck up and took a bite of you baby  
The longer it goes well, the shorter your fuse  
Maybe you'd know if you walked in my shoes  
Damned if I don't and I'm damned if I do  
Cold as the concrete  
Tough as a backstreet  
Like a frat boy at hell week  
Babe, you got a mean streak  
Fire in the hole and a hole in my heart  
You're on a roll and I'm takin cover now baby  
Where does it end and where do I start  
To soften the sting one way or another now baby  
Be good to me honey I'm on your side  
I'm gonna bend gonna let a lot slide  
But hey what's the deal with your Jekyll and Hyde?  
Rough as a dry creek  
Sharp as a hawk's beak  
Coming fast as a stampede  
Babe you got a mean streak  
Hard as an oak tree  
Mas as a queen bee  
Hot as Majave  
Yeah it burns like a dry heat  
Tight as a kite string  
Bad as a black sheep  
Sure as a heart beat  
Babe you got a mean streak  
There in your shadows, save room for me
