I dip my toe in the water
Before I know it I'm over my head
I try to warm myself by the fire
But I end up getting burned instead

I sold my soul for a little bit of heaven
I put my heart into the wrong hands
I've gone places where I swore that I'd never go again
See, I never had any trouble fallin'
I'm just tryin' to find a place to land

I draw me a line then I cross it
I speed up when I should slow down
Well, dang if I don't step in it
When I probably should go around

Always thinkin' that it's gonna be forever
Always thinkin' it's a good plan
All I know is that I'm givin' everything I can
See, I never had any trouble fallin'
But I'm still tryin' to find a place to land

Still tryin' to find a place to land
Still tryin' to find a place to land
Still tryin' to find a place

I told myself that I've had it
I told myself that I'm through
I said, I'm leavin' love to the fool hearted
But that was 'fore I found you

I'm on the edge, baby, I'm lookin' over
Oh my lord, here I go again
If I seem a little bit afraid, baby try to understand
See, I never had any trouble fallin'
I'm just tryin' to find a place to land

I've just gotta find a place to land
I'm still tryin' to find a place to land

Still tryin' to find a place to land
Still tryin' to find a place to land

Still tryin' to find a place to land
Still tryin' to find a place
