Everybody's gonna go downtown
Same hang with the same old crowd
Talking like it's just the greatest thing you've ever seen

Telling me that if I don't go I'll be the one missin' out
Yeah but I don't really think I'm gonna miss a thing
As for myself I'm just as well with something else in
mind, like

Blue skies and amber sunshine
As far as I can see
It's just me and my sweet baby
And that's just fine with me

Lay me down in the tall green grass
Be still and let the world go by
Baby let our minds wander like the river does
Or find a place we can hide away

Where all we do is take our time
Making life and loving sweeter than it ever was
Take a whirlwind that life has been
And trade it in for the freedom of

Blue skies and amber sunshine
As far as I can see
It's just me and my sweet baby
And that's just fine with me, oh yeah

Everything's coming up roses
Everything's feeling right
We got the naysayers supposin'
It may not last, yeah but it just might, it just might

Blue skies and amber sunshine
As far as I can see
It's just me and my sweet baby
And that's just fine

Blue skies and amber sunshine
As far as I can see
It's just me and my sweet baby

And that's just fine, that's just fine with me
Fine with me, that's just fine, that's just fine with me
