Now I see me look like that before oh
I knew every word you said before you'd stop for the
end of door
Can we hang it in baby way too long
I'd say way too long
Maybe I was wrong and I don't belong no I don't belong

Chorus:

And I wish you never look to me that way
And I wish I never asked you here to stay
And I wish we could have carried on this way
I wish I wish I wish I wish
I wish I never let you hold my hand

I wish I never tried to understand
I wish I was never part of your...
I wish I wish I wish I wish

[Chorus:]

Is central, is central is central...

I never felt so insecure oh
Knowin on a be around to catch me round I fall
He is all that... what did I believe, what did I believe
We could ever be, we could ever be for eternity

[2 x Chorus:]
