

Little Big Town "Lean Into It"

Visit "[Lean Into It](#)" on MotoLyrics.com

These days are filled with trouble
And the nights feel like they're all getting longer
These days are dark and grey
Like that storm rolling in across the water

[Chorus]

There's a strong wind blowing
I push on it pushes back
It's a hard time
But I know I'll get through it
Just gotta lean into it

This ain' where I thought I'd be
If I could I'd stop it now and I'd rewind it

But this ain' where I'm gonna fall
If there's a way to fight
I know I'm gonna find it

[Chorus]

There's a strong wind blowing
I push on it pushes back
It's a hard time
But I know I'll get through it
Just gotta lean into it
Just gotta lean into it

I keep going even though

[Repeat Chorus]
