I don't know who I am  
Staring at a million broken pieces here  
I don't know where I stand  
While I'm still, the world goes round so free, so cavalier

And aimlessly, I wander  
Like a drifter on a narrow winding road  
I've got plenty of direction  
But I don't know where to go

I'm so lost without you  
I'm so lost without you  
Baby, I'm so lost without you  
That I can't find myself

I'm so lost without you  
Baby, I'm so lost without you  
I'm so lost without you  
That I can't find myself

No, it don't seem right  
This canyon of lonely lying in our bed  
Lord, how I've cried  
A waterfall of tears 'til my eyes turn red

And ever since you left me  
It's been like a bullet through my heart  
And I know I should move on  
But I don't know where to start

I'm so lost without you  
I'm so lost without you  
Baby, I'm so lost without you  
That I can't find myself

I'm so lost without you  
Baby, I'm so lost without you  
I'm so lost without you  
That I can't find myself

And ever since you left me  
It's been like a bullet through my heart

And I know I should move on  
But I don't know where to start

I'm so lost without you  
I'm so lost without you  
Baby, I'm so lost without you  
That I can't find myself

I'm so lost without you  
I'm so lost  
Baby, I'm so lost without you  
That I can't find myself
