Uuuuh uuuh

Where the stables the skies will meet
Through the lonely and deserted streets
I've been wandering my way
Back home.

Uuuuh, see the girl with the secret smile
There goes my heart million miles away
Where ever I roll.

Praying for bright head lights
Coming over the hills (I'll never go away again, I swear.)
It's turning darker with the passing time,
But I'll be here still.
(I hope you're not asleep when I get there)
I'm a night owl waiting for you.

Uuuuh uuuh

Counting lights, and water houses
I'm making ground, burning daylight hours
Getting lost in the rolling field, pastors.

Uuuuh uuuh

But as the stars began to fall
I find myself tryna to count them all
And wish on one to hear me there faster.

Praying for bright head lights
Coming over the hills (I'll never go away again I swear.)
It's turning darker with the passing time,
But I'll be here still.
(I hope you're not asleep when I get there)
I'm a night owl waiting for you.

Hurry up, hurry up
Before the morning
I'll be staying up, staying

Dreaming of you.

Praying for bright head lights
Coming over the hills (I'll never go away again I swear.)
It's turning darker with the passing time,
But I'll be here still.
(I hope you're not asleep when I get there)
I'm a night owl waiting for you.

I'm a night owl waiting for you. Uuuuh uuuh
