Sitting by the bedside  
Held his hand and kissed his face  
Then he closed his eyes  
And i watched him slip away  
Seems like only yesterday  
He was young as i am now  
Soon I will be the past  
Yeah time is turning fast

[Chorus]  
I wanna live  
I wanna love  
Like one more day is  
Never too much never enough  
I wanna drink in  
Everything that i can  
Life is a vapor  
Fire and paper  
Gonna make the most of it before its gone

When i lay my head down at the end of another day  
Did i keep it all to myself  
Or did i give my love away

Did i hold who should have been held  
So they remember just how i felt  
Did i say what should be said  
Will i wake with no regrets

[Chorus]

Ther was a man who walked the land centeries ago  
He brought water the thirsty heart  
And food to the hungry soul  
He was here only thirty three years  
But his life changed to world  
And he gave up all he had  
I wanna leave a legacy like that

[Chorus]

Life is a vapor fire and paper. [x6]

Gonna make the most of it before its gone
