"We Go Together"

We go together
like beggin and supper time
Driving down the county line
Ears flappin' overtime
We go together
like a fiddle and a bow
Diggin and a hole
A biscuit and a bone

[Chorus:]

I don't care if the cold wind blows
I don't care if the stars don't show
You can say now and you can say never
But as long as we're going somewhere
We go together, together, oh, oh, ooo
We go together, together, oh, oh, ooo

We go together like
wet dog and smelly
peanut butter jelly
Fleas on my belly

We go together like
Fireflies in jars
Chasing after cars
Barking at a shooting star

[Chorus]

Come ON!

We go together
like a song in the air
like a once in a lifetime
memory to share
We go together like dreams and prayers
Like a little bit of heaven and we're already there

You can say now and say it forever
But as long as we're going somewhere

We go together, together, oh, oh, ooo
together, together, oh, oh, ooo
together, together, oh, oh, ooo
together, together, oh, oh, ooo

[Lots of O's/Instrumental]

Come ON!!!!

[Fiddlin' & fade]
