I got someone on the left of my left side  
i got cigarette on cigarette mindful  
i got foolish so i took him on home i said ooo oo

you don't need me don't tell me you want me  
i i'm over it  
you can't have it and that's why you want it  
i i'm over it

baby if you and me aren't trying  
i can't see the point  
come on come on  
baby if you and me aren't trying  
i can't see the point  
come on come on

i got exorcist on my morning station  
a foolish mind giving me my own halo  
i am tempted into your living room  
i said ooo ooo oo

you don't need me don't tell me you want me  
i i'm over it  
you can't have it and that's why you want it  
i i'm over it

baby if you and me aren't trying  
i can't see the point  
come on come on  
baby if you and me aren't trying  
i can't see the point  
come on come on

Coz you and me are holdin'  
you and me are holding on  
but if time alone, aches and bruises this heart of mine  
I will place my weary head and sleep alone

baby if you and me aren't trying  
i can't see the point  
come on come on  
baby if you and me aren't trying

i can't see the point  
come on come on
