What'cha waiting for
What'cha waiting for baby
Take me under the

Take me under water
Take me out
Take me far from here
babe
Take me out

so come on lets go out tonight
and lets follow all the trends
you can keep yourself so far away
but somehow get sucked in
so come on lets go out tonight
and lets follow all the trends
and take it out

But if i am true to the music
i won't follow you
but if i am true to the music
i won't follow anyone

What'cha waiting for
What'cha waiting for baby
Take me under the

Take this wound and heal it
oh an on
take it hold and feed it
oh an on

take me under

i can help you out with lonliness
i can help you out with lonliness

But if i am true to the music
i won't follow you
but if i am true to the music
i won't follow anyone

But if you want me
i can help you out
But if you want me
lets go shoot summer stars
i'm hoping i'll see you around

hoping i'll see you around
hoping i'll see you around
hoping i'll see you around
i'm hoping i'll see you around

But if i am true to the music
i won't follow you
but if i am true to the music
i won't follow anyone
