Verse 1

i've been living like a reclude
but i'm ready to kill you fools
new year new plan
new fucking rules
i'm back on the grind
and i'm all about business
damage control say they run the music biz
but dawg
the streets dem telll me to tell u kids
that your music ain't selling
you will be better off beggin
get a cup
here what
i'ma give u a couple shilins
are start a lemonade stand
here's some lemonade man
dam yo ch-n u fucking number one
i would like to disagree really
but i understand
when nuff reggae artist is jacking my song
bruk it off, bruk it off
yes they stole that one

verse 2

professor
say what u want about me
i don't care
like your music carry

i'm not goin no were
all the stuff u talking
going in an out my ear
like how fire dick
goes
in and out your rear
you talk tuff
cause there's 11 of you nigers
you got no lyrics
you only got each other
and i got a funny feeling yall is touching one another
i'm a leader
a hooligan
i follow no one
use's a jim carrey
uses a yes man
and fire ras a bitch so he's a yes mam
bout you is a fucking role model
but i don't understand
cause i don't know anyone
that says
when i grow up
i want to be a homosexual

verse 3

I'm like an extreme version of dr evil
silly me
But instead of one
I got 11 mini me
Read there blogs
and it would be obvious
they want to be me

(talking)
