Turn it up, turn it up

You're playing games, oh oh
Do you think that you can break my heart again?
Everything's changed, oh oh
Are you happy that you're driving me insane?

Everything's changed,
You're not the same
Who can I blame?
Who can I blame?

I've been caught up in a lie
Haven't called you in a while
Confusion, confusion
You've been caught up in a lie
But at least you could've tried
Confusion, confusion

Confusion, confusion

Can you explain, oh oh
Do you really think
My heart could take the pain?
It's such a shame, oh oh
Are you happy now you've nothing left to gain?

Everything's changed,
You're not the same
Who can I blame?
Who can I blame?

I've been caught up in a lie
Haven't called you in a while
Confusion, confusion
You've been caught up in a lie
But at least you could've tried
Confusion, confusion

Confusion, confusion

Never lie to me again, never lie to me again

I've been caught up in a lie
Haven't called you in a while
Confusion, confusion
You've been caught up in a lie
But at least you could've tried
Confusion, confusion

Confusion, confusion

I've been caught up in a lie, caught up in a lie
