"Earthquake"

I can remember days
Things weren't always this way
I used to make you smile
If only for a while
But now you can't get through
There's no way I can lose
I know some days are hard
But don't you make mine too

Cos I can't stand it when you come home and we just
fight for hours
But I won't show it no I'll just hold my breath and keep it
quiet

Every little earthquake, every little heartbreak
Going unheard
Every little landslide, catch it in my hand
I won't say a word
Every time you hurt me, I know that it's working
Making you mine
Every drop of thunder, only makes me stronger
On the inside

How many countless nights
I try my best to hide
Soon as you slam the door, my tears fall to the floor
I know that people change, maybe you're not to blame
But must you burn a hole so deep into my soul

Cos I can't stand it when you come home
And we just fight for hours
But I won't show it no I'll just hold my breath and keep it
quiet

Every little earthquake, every little heartbreak
Going unheard
Every little landslide, catch it in my hand
I won't say a word
Every time you hurt me, I know that it's working
Making you mine

Every drop of thunder, only makes me stronger
On the inside

Every little earthquake, every little heartbreak
Every little landslide, catch it in my hand
Every little earthquake, every little heartbreak
Every little landslide, catch it in my hand
Every little earthquake, every little heartbreak
Every little landslide, catch it in my hand

Every little earthquake, every little heartbreak
Going unheard
Every little landslide, catch it in my hand
I won't say a word
Every time you hurt me, I know that it's working
Making you mine
Every drop of thunder, only makes me stronger
On the inside

Every little earthquake, every little heartbreak
Every little landslide, catch it in my hand
Every little earthquake, every little heartbreak
Every little landslide, catch it in my hand
