I can remember days  
Things wern't always this way  
I used to make you smile  
If only for a while  
But now you can't get through  
There's know way I can lose  
I know some days are hard  
But don't you make mine to

Cos I can't stand it when you come home  
And we just fight for hours  
But I won't show it  
No I just hold my breath and keep things quite

Every little earthquake  
Every little heartbreak  
Going unheard  
Every little land slide  
Catch it in my hand  
I wont say a word  
Every time you hurt me  
I know that's it's working  
Making you mine  
Every clap of thunder  
Only makes me stronger  
On the inside

How many countless nights  
I try me best to hide  
Soon as you slam the door  
My tears fall to the floor  
I know that people change  
Maybe your not to blame  
But must you burn a hole  
So deep into my soul  
Cos I can't stand it when you come home  
And we just fight for hours  
But I won't show it  
No I'll just hold my breathe and keep thing quiet

Every little earthquake  
Every little heartbreak

Going unheard  
Every little land slide  
Catch it in my hand  
I wont say a word  
Every time you hurt me  
I know that's it's working  
Making you mine  
Every clap of thunder  
Only makes me stronger  
On the inside

Every little earthquake  
Every little heartbreak  
Every little land slide  
Catch it in my hand x3

Every little earthquake  
Every little heartbreak  
Going unheard  
Every little landslide  
Catch it in my hand  
I wont say a word  
Every time you hurt me  
I know that's it's working  
Making you mine  
Every clap of thunder  
Only makes me stronger  
On the inside

Every little earthquake  
Every little heartbreak  
Every little landslide  
Catch it in my hand x2
