### Verse 1:

Foreign names, neon lights  
Changing lanes in my mind  
Passing towns we don't know,  
Heading for the unknown  
All our friends left behind  
They're not even on my mind  
They have lives, they have plans  
They could never understand

### Chorus:

Meet me on the moon today,  
Together we can make our great escape  
Meet me on the moon today,  
Maybe we can find our perfect place  
We can drive today, we can drive today  
Meet me on the moon today,  
It's just me and you  
It's just me and you

### Verse 2:

Getting late, coffee's cold  
Heavy eyes on the road  
We won't stop, no we won't break  
Shadows hide, overtake the small town we left behind  
We won't drown, we won't hide,  
A new life, a new <sup>1</sup>—lan  
They would never understand

### Chorus:

Meet me on the moon today,  
Together we can make our great escape  
Meet me on the moon today,  
Maybe we can find our perfect place  
We can drive today, we can drive today  
Meet me on the moon today,  
It's just me and you  
It's just me and you

We won't look back, so don't look back  
We won't look back, so don't look back  
We won't look back, so don't look back

We won't look back, so don't look back  
We won't look back, so don't look back  
We won't look back, so don't look back

Chorus:

Meet me on the moon today,  
Together we can make our great escape  
Meet me on the moon today,  
Maybe we can find our perfect place  
We can drive today, we can drive today  
Meet me on the moon today,  
It's just me and you  
It's just me and you
