You're the night to my day
And the left to my right
The blood to my veins
And the dark to my light
The stop to my start
And the constant beat in my heart

The sun to my moon
And the stars in my sky
The hot to my cold
And the black to my white
The rain to my thunderclouds
And the truth to my lies

So tell me what you what to see
Coz everything I want to be
Is there in your reflection
Shinning out right back at me

So love me in perfect symmetry
Be my everything
If you just love me in perfect symmetry
Only you can make me feel complete
In perfect symmetry
Be my everything
If you just love me in perfect symmetry

Only you can make me feel complete

So tell my your dreams and
I'll tell you all my fears
So ask me your questions
I'll tell you what you want to hear

Your the high to my low
And give to my take
The shadow I cast
And the echo I make
The calm to my storm
And the lesson in my mistakes

So tell me what you want to see

You're everything I want to be

Just love me in perfect symmetry

Be my everything

If you just love me in perfect symmetry

Only you can make me feel complete

So tell me your dreams

And I'll tell you my fears

So ask me your questions

I'll tell you what you want to hear
